TRADE CIRCULAR

Sub: Mandatory submission of evacuation plan with Vessel's declaration for import dry bulk cargo at Port operated Berths of HDC.

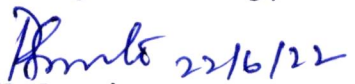

With the increase in volume of Import dry bulk cargo at HDC in recent times due to arrival of a number of Cape Size vessels as well as for some prime customers diverting more cargo through Haldia, the requirement of storage area inside the Dock is on the rise. Therefore, it is necessary to utilize the storage areas effectively to cater to the requirement of the Trade.

It is hereby informed that the consignee should submit the evacuation plan of their cargo from the Dock with the declaration of the vessel (other than BOT Berth). They should hand over the evacuation plan to the concerned vessel's agent ideally containing the following details :

- Mode of delivery involving Road or Rail.
- Plan of storage of cargo, i.e. fresh area required near railway siding / road bound or existing Long Term Plot to be utilized.
- Expected date of placing of first indent in case of rail bound dispatch.
- Expected date for commencement of road bound delivery.
- Expected time for evacuation of the entire consignment.
- Plan of partial surrender of plot (road bound and rail bound separately).
- Information about arrival of next vessel on their account.

The Major importers of dry bulk cargo and the Local Industries located in and around Haldia, who evacuate their cargo quickly, are generally not required to submit the evacuation plan. However, if necessary, they may also be asked to submit their evacuation plan at the time of declaration of their vessel.

All vessel's agents are requested to collect the evacuation plan from the consignee accordingly for submitting the same with the vessel's declaration.

(P. Gupta)
