No.Tfc/GZZY-241/Operation

September 4, 2017

All Concerned.

Sub. : Allowing geared ships to work at 2NSD, 13NSD and 14NSD.

In terms of the approval of the Competent Authority, the handling of geared vessels is being allowed at NSD berths 2, 13 and 14.

To start with, the port will allow handling of empty containers only at berths NSD 13 and 14, by vessel Agent's appointed Stevedoring and Handling Agents, using geared ships.

1. Any feeder operator wishing to avail the above facility must make a written request at least 3 days in advance to the Traffic Manager. On receipt of the application, the Traffic Manager will make an assessment and allow the same as per suitability.
2. Accordingly the empty outward allowance at NSD3, 4, 5, 7 and 8 will be 100 TEUs per voyage. Empty TEUs as above may be increased or decreased subject to operational convenience.
3. Positioning of empty containers will be allowed only 48 hours in advance of the working at the allotted berth.
4. The maximum working time allotted to each vessel for such empty handling will be decided and declared at the time of application, after which the vessels will have to sail or shift.
5. Any left behind empty containers has to be repositioned or have to be shipped out within 48 hours of the finish work of the vessel.
6. All the commercial work related to the above operation will continue to be done from CFS office.
