TRADE CIRCULAR

Sub: SAGAR ANCHORAGE

Following successful operations of two Baby Cape vessels at Sagar Anchorage and to realize further potential from the said anchorage, it has been decided to accept Cape Size vessels upto LOA 293 m on trial basis, subject to the following conditions:-

- 1) The trial operation will be undertaken between October to February in a tidal range maximum upto 3.1 m and wind speed not exceeding 20 knots.
- 2) Two Nos. 60 Ton Bollard Pull Tugs should remain in attendance throughout the vessel's stay at the anchorage.
