TRADE CIRCULAR

Sub.: **Discount in cargo related charges in respect of transloading operation.**

With a view to overcome the draft constraints as well as to maximize the cargo volume through HDC, Transloading facility has been created by KoPT at Sandheads/Kanika Sands through the service Provider Jindal ITF Ltd.

To make the said transloading facility attractive to the Importers/Exporters a rebate of Rs. 50.00/- per MT has already been allowed by KoPT against cargo handling charges in respect of the cargo carried by daughter vessels, which is valid till 30.06.2017. However, even after allowing the said rebate the Transloading facility has not been availed by any importer/exporter. In order to make the Transloading facility more attractive to the trade, KoPT has decided to extend further concession of Rs. 45.00/- per MT against the cargo handling charges for road bound cargo & Rs. 50.00/- per MT in cargo handling charges for rail bound cargo. However, this rebate will only be applicable for transloaded cargo carried by the daughter vessels & will remain valid till 30.06.2017.
