CIRCULAR

Sub: Compulsory Wearing of helmets inside dock

Compulsory wearing of helmets inside the dock area has been implemented long back. However, personnel are still found, not wearing helmets, inside the dock. Such lapses have been viewed very seriously and it has been decided that action would be taken against any person who is found not wearing helmets inside the dock. The permit of the errant persons would be seized and he/she would be debarred from entering the dock for a period as would be decided by appropriate authority.

Moreover, appropriate action would be taken against any port employee who is found without helmets during the course of his/her duty.

All concerned are advised to strictly adhere to the above guideline. The same will be effective w.e.f. 15.01.2018.
