Page Ref.	In place of	To be read as
25 Cl. 27	If available and if required, suitable power supply may be arranged by the Trustees at the nearest existing supply point of the site of work on receipt of request letter from the Contractor to that effect. All necessary arrangements for the distribution at site will have to be made by the Contractor at his own cost as approved by the Trustees' Engineer or his representative. Charges for consumption of power shall be periodically recovered from the Contractor's Bill at the rates of KoPT as prevalent amended from time to time including installation and hire charges for meters. The Trustees do not guarantee uninterrupted power supply from the above sources and Contractor shall not be compensated for any delay in providing / irregularity of power supply. The Contractor shall have to arrange for the supply of power at his own cost during such periods.	Suitable power supply to be arranged by the contractor within his quoted rates.
25 Cl. 28	The Contractor will arrange for supply of water both for drinking and for construction purposes. However, on written request from the Contractor, water for drinking purposes may be made available free of cost from the exiting water line of the Trustees at a point near the site of work. The contractor will have to arrange for laying pipelines, as necessary, as per approval of the Engineer or his representative, for storing and distributing the same to the work point at his own cost. i) Under no circumstances, the contractor would be allowed to use such drinking water for constructional works. ii) In any case Dock water will not be allowed to be used for any work including curing.	The Contractor will arrange for supply of water both drinking and for construction purposes within his quoted rates.

All other terms &amp; conditions and Clauses will remain same as per original.
