Page 18 Exact quantum of covered and uncovered area		- It may be noted that the scope has been detailed in para 4 (page 18 of NIT) and locations are covered in page 19 onwards.

<p>Page no. 26 point no. 13, Please clarify the relevance between sanitization work and procurement of cement etc which is civil or construction work are not related to GPC/Sanitization/ Disinfection work.</p>	<p>Materials- The contractor shall procure cement, reinforcement steel and other materials from manufacturers approved by the Engineer.</p>	<p>Deleted</p>
<p>Page no 27 point no. 17</p>	<p>Temporary Works: The successful tenderer shall allow for providing labour and materials for the construction and removal of all temporary works, e.g. site office, site store, scaffolding, fencing lighting; watching, tube well and pipe lines etc. required for constructional purpose as well as for drinking water purpose of contractor's men, water supply, vats, platform, etc. as may be necessary for the successful execution, completion and maintenance of works without any extra cost to the Trustees and the rates should be quoted accordingly. No rent shall, however, be charged to the contractor for construction/erection of such temporary sheds and structures.</p>	<p>Clause To be deleted</p>
<p>Page no. 27 point no 18.</p>	<p>Plant & Constructional Equipment: The contractor shall supply his tools, plants and constructional equipments within his quoted rates. A list of plant as intended to be employed by the tenderers in this construction must be furnished with full details along with the tender. However in BOQ it is mentioned that the equipments will be provided by the</p>	<p>BoQ would prevail</p>

	departments. This is contradictory. So clarify the same.	
Page no 27 point no 21.	Forwarding of Materials : The contractor shall have to arrange transport for forwarding any useable/ saleable materials that may be found during the process of execution of the work to the Trustees' Sales yard or any other site/ godown including labourers, transportation, loading, unloading all complete as per the direction of the Engineer or his representative at site. No separate payment will be made to the contractor on this account unless specifically mentioned in the B.O.Q	Deleted
Page no. 29 point no. 25. Please clarify the equipments provided by you as if equipment is based on power to be <u>reuse</u> or the equipments supplied by you is battery operated, diesel or petrol operated etc. Please clarify the same.	Charges for consumption of power shall be periodically recovered from the Contractor's Bill at the rates of KoPT as prevalent amended from time to time including installation and hire charges for meters. The Trustees do not guarantee uninterrupted power supply from the above sources and Contractor shall not be compensated for any delay in providing / irregularity of power supply. The Contractor shall have to arrange for the supply of power at his own cost during such periods.	Not required. Electricity consumption for charging is to be borne by the contractor which is very nominal. Petrol consumption per day operation is average 7 – 8 ltr.
Page no 29 point no. 26.	WATER: The Contractor will arrange for supply of water both for drinking and for construction purposes. However, on written request from the Contractor, water for drinking purposes may be made available free of cost from the exiting water line of the Trustees at a point near the site of work. The contractor will have to	Deleted

	<p>arrange for laying pipelines, as necessary, as per approval of the Engineer or his representative, for storing and distributing the same to the work point at his own cost.</p> <p>i) Under no circumstances, the contractor would be allowed to use such drinking water for constructional works. ii) In any case Dock water will not be allowed to be used for any work including curing. The contract period is for 4 months hence drinking water facility/ labour shed shall be provided by the KOPT, further uninterrupted water supply is essential for the sanitization work, hence clarify the same.</p>	
<p>BOQ- In BOQ it is mentioned as 100 operations will be carried out during the contract period i.e. in 4 months. Please clarify the meaning of One Operation, whether it is per day work or site wise work. In page no. 22 point no. 6(i) it is mentioned that all points(sites of work listed mentioned in tender document) to be covered twice a week. please clarify the same.</p>		<p>One operation is one full days operation in all areas. All areas are to be covered at least twice a week. The labour involvement and vehicle per operation is specified in NIT (Clause-</p>
