SCOPE OF WORK

The work comprises of construction of a new septic tank and related other plumbing and sanitary works near South Cabin at EJC Yard and as set forth in the attached Bill of Quantities including any other appurtenant work as may be required for successful completion of the work as may be directed by the Engineer or his representative at site.

SPECIAL CONDITIONS OF CONTRACT

1. **General:** These conditions are part of the tender documents, which must be read as a whole, the various sections being complimentary to one another and are to be taken as mutually explanatory. These conditions shall be read in conjunction with the other parts of the tender documents viz. Trustees' General Conditions of Contract, drawings, if any and other documents forming part of the contract.
Unless otherwise mentioned the work to be provided for by the contractor shall include but not be limited to the following:
 - a) Provide all materials, equipment, workmen, supervision, services, scaffolding, temporary drainage, temporary fencing and temporary lighting as required for safety and work purposes etc. for the execution of the work.
 - b) To take all the safety measures like using life jackets, helmets etc. required for such type of work and insure the labourers against any accident which may occur in the course of execution of the job, if required, at no extra cost.
 - c) To cover all office/ household furniture with tarpaulin or similar type of cover when there is any chance of damage/ spoiling during the course of the work, if required or directed, at no extra cost.
 - d) To make good any damage done to any property during execution of work at no extra cost.
2. **Work site:** The work site is at EJC yard at Kolkata situated between Majerhat Rly. Stn. and Remount road. All intending tenderers should visit the site(s) of work and acquaint themselves with exact nature, scope & site of work before quoting the rates. No claims for any extra payment will be entertained under any circumstances after opening of the tender and at any stage during execution of the work excepting otherwise approved by Engineer or his representative.
3. **Working Period:** Normally the work will be carried out between 8am to 5pm on the Trustees' working days only. In case of any deviation from this, the contractor shall have to take prior permission from the Engineer or his representative. However, the tenderer should note that he might be required to carry out the job on Sundays, Holidays and after normal working hours and at night in addition to the normal working hours to expedite the progress of the work at times of requirement. The tenderer should include in his rates the cost, if any, involved on these accounts.
4. **Time of Completion:** The work is to be completed by 3 (three) months from the date of placement of work order.
5. **Materials and Transport:** All materials including cement, except mentioned otherwise in the items of the attached bill of quantities, for successful completion of work shall have to be procured and supplied by the successful tenderer at his own cost. The cement if used shall be of 43/ 53 Grades OPC or Slag cement as per the direction of the Engineer-In-Charge. The materials supplied by the contractor shall be of approved quality and approval also shall have to be taken from the Engineer at site before using the materials to the work. Rejected materials, if any, shall have to be removed by the contractor with his own labour and transport at his own cost immediately on receipt of the instruction.
6. **Workmanship and supervision:** The contractor shall maintain workmanship of different items with an idea of providing a trouble-free service to the users of different facilities. The contractor shall have to engage sufficient number of qualified and skilled persons to supervise and execute the work. The contractor shall be solely responsible for any defective work as a result of poor supervision.
7. **Testing of materials:** Testing of any materials including cement (if required) shall have to be carried out at the Laboratories to be recommended by the Engineer-in-Charge. No payment will however be made to the contractor towards charges for such testing.

8. **Forwarding of Materials:** The contractor shall have to arrange transport for forwarding any usable/ saleable materials that may be found during the process of execution of the work to the Trustees' Sales yard or any other site/ godown including labourers, transportation, loading, unloading all complete as per the direction of the Engineer-in-Charge. No separate payment will be made to the contractor on this account unless specifically mentioned in the B.O.Q.
9. **Discrepancies in the contract documents:** The several documents forming the contract shall be taken, as mutually explanatory of one another and in case of discrepancies Bill of Quantities shall prevail over the Specifications and Special Conditions of Contract over the General Conditions of Contract. The Engineer's decision on this matter however, shall be final and binding and the tenderers' attention is drawn to clause 4.3 of the General Conditions of Contract in this respect."
10. **Specifications/ Codes and Standards:** All works under this contract will be executed according to the Trustees' Specification for materials and workmanship. Whenever the details are not specifically covered in the specifications, relevant provisions in the latest revision and/ or replacements of the Indian Standard Specifications (IS) or in absence CPWD specifications will be followed. The Contractor shall have to procure copies of such codes/ standards for ready reference of his own personnel as well as the Trustees' Engineers at site at his own cost and without any additional reimbursement.
11. **Safety:** The contractor shall follow all safety precaution for prevention of injury or accidents and safeguarding human lives and property. Dock safety regulations, if applicable, shall be strictly observed and safety officers of the KoPT be accorded all facilities for inspection of the works etc. whenever so required. The contractor shall further comply with any instruction issued by the Engineer in respect of safety, which may relate to temporary or permanent works, working of tools, plants & equipments, means of access or any other aspect. The contractor shall provide all necessary first aid measures, rescue and life saving equipment, etc. in proper condition, which shall be readily available for use at all times. The contractor shall adopt all the above safety measures at his own cost.
12. **Protection of existing services:** The contractor must pay full attention to the fact that the existing service facilities for users are not disrupted at any time due to storing of materials etc.
The contractor shall be held liable for all damage and any unauthorised interference to the existing service caused by him during execution of works. Should any damage be done to the existing services, in general the contractor shall make good the same and do any further work considered necessary by the Engineer or his representative without any delay; otherwise the cost of such repairing shall be recovered from his running bill for which the Engineer's decision shall be final and binding.
13. **Cleaning during execution and after completion:** On completion of the works the contractor shall reinstate and make good at his own expense any property or land which might have been disturbed and/ or damaged by his works. He should also clean the site as required during execution and fully clear the site after completion of all the works.
14. **Water:** Water required for drinking and other purposes and for works will have to be arranged by the tenderer at their own cost.
15. **Measurement and Payment :** The items/ quantities set out in the "Bill of Quantities" are the estimated items/ quantities of the work and they are not to be taken as the exact and correct items/ quantities of the works to be executed by the contractor in fulfilment of his obligations under the contract. However, the contractor will be paid as per actual work executed by him and under the provisions of the tender.
16. **Escalation/ variation in process:** No escalation/ variation on prices of labour as well as materials will be entertained.
17. **GST:** The prices quoted shall be inclusive of any statutory levies and/ or other charges levied by any Central/ State/local authorities but excluding GST. GST will be paid by Kolkata Port Trust as extra on submission documents by the party.
Supplier/service provider must confirm that the GST amount charged in invoice is declared in its returns and payment of taxes is also made.

The Supplier/ Service Provider agrees to comply with all applicable GST laws, including GST acts, rules, regulations, procedures, circulars & instructions thereunder applicable in India from time to time and to ensure that such compliance is done within the time prescribed under such laws. Supplier/ Service Provider should ensure accurate transaction details, as required by GST laws, are timely uploaded in GSTN. In case there is any mismatch between the details so uploaded in GSTN by the Supplier/ Service Provider and details available with Kolkata Port Trust, then payments to Supplier/Service Provider to the extent of GST relating to the invoices/s under mismatch may be retained from due payments till such time Kolkata Port Trust is not sure that accurate tax amount is finally reflected in the GSTN to KoPT's Account and is finally available to Kolkata Port Trust in terms of GST laws and that the credit of GST so taken by Kolkata Port Trust is not required to be reversed at a later date along with applicable interest.

Kolkata Port Trust has the right to recover monetary loss including interest and penalty suffered by it due to any non-compliance of tax laws by the supplier/service provider. Any loss of input tax credit to Kolkata Port Trust for the fault of supplier shall be recovered by Kolkata Port Trust by way of adjustment in the consideration payable.

Supplementary invoices/ Debit note/ credit note for price revisions to enable Kolkata Port Trust to claim tax benefit on the same shall be issued by you for a particular year before September of the succeeding Financial Year.

The purchase order/ work order shall be void, if at any point of time you are found to be a black listed dealer as per GSTN rating system and further no payment shall be entertained.

18. Workmen and Wages: The Contractor shall deliver, if ordered, a weekly return for all labour employed in writing in the requisite form as instructed by the Engineer or his representative.

The contractor shall be required to comply with the Minimum wages Acts 1948, Employees Liability Act, 1938, Industrial Disputes Act, 1938, Industrial Dispute Act, 1947 and The Contract Labour (Regulation and Abolition) Act, 1970, or statutory amendments and the modifications thereof, any other laws relating thereto and the rules made there under from time to time. Payment to the labourers to be made as per the minimum wage rates fixed by Chief Labour Commissioner (Central) and as per MW Act Govt. of WB whichever is higher.

It will be the duty of the contractor to abide by the provisions of the Act. Ordinances, Rules, Regulations, Bye-laws and Procedures as are lawfully necessary in the execution of the works. The contractor will be fully responsible for any delay/ damage etc. and keep the Engineer indemnified against all penalties and liabilities of any kind for noncompliance or infringement of such Acts, Ordinances, Rules, Regulations By-laws and Procedures. The contractor shall comply to the Employees' Bonus Rules and to pay Bonus once a year to his workmen accordingly, for which no extra payment shall be made to the contractor.

The contractor shall indemnify the KoPT against payment to be made under or for the observance of the laws aforesaid without prejudice to his right to claim indemnity from his subcontractor.

The aforesaid regulations shall be deemed to be a part of this contract and any breach thereof shall be deemed to be a Breach of Contract. It will be obligatory on the part of Contractor to obtain necessary Labour License from the Competent Authority for deploying requisite Nos. of labours in the work and submit to the Engineer-In-Charge prior to commencement of the work.

The contractor shall also be required to comply regarding 'Workmen Compensation Act, 1923 as amended by Amendment Act No.65 of 1976.
